

# EDITORS' PICKS

## FINISH LINE

► Jerusalem Gardens Stone Works has developed a new finish for its natural stone products: the Grass Finish, which creates a horizontally striped surface with an uneven texture. Pictured here, the Grass Finish on Pearl stone; possible colors include yellow, cream, gray and white; available through Elgin Butler Company. [www.jerusalemgardens.com](http://www.jerusalemgardens.com)

## THE LOOK OF LEATHER

▲ Colonial Bronze Company is partnering with Edelman Leather to produce The Tanner's Craft, a collection of leather-covered decorative and architectural accessories. Sixteen Edelman Leather colors and 39 Colonial Bronze metal finishes are available; Edelman has exclusive use of fabric treatment company Crypton's technology to protect its leather products. ## A WORLD OF RUBBER

▲ Johnsonite's Folio rubber flooring collection brings nature indoors with its raised, textured patterns of leaves, grasses and branches. These low-maintenance tiles are slip-resistant and shock absorbent; they're part of an integrated system of borders, stair treads and other accessories. Available in a variety of colors. ## HANG FIRE

► Spark Modern Fires' Direct Vent Slim 46-inch fireplace is designed to hang on the wall. With a depth of only eight inches, it requires very little space and no cut-outs or framing. Its porcelain-enamel interior reflects the company's signature Fire Ribbon, and the stainless-steel or-black-satin surround adds a sleek, modern effect. A programmable thermostatic remote controls lighting from anywhere in the room. [www.sparkfires.com](http://www.sparkfires.com)
